

ARTILLIAN, A SUBDIVISION OF CURTIS INDUSTRIES

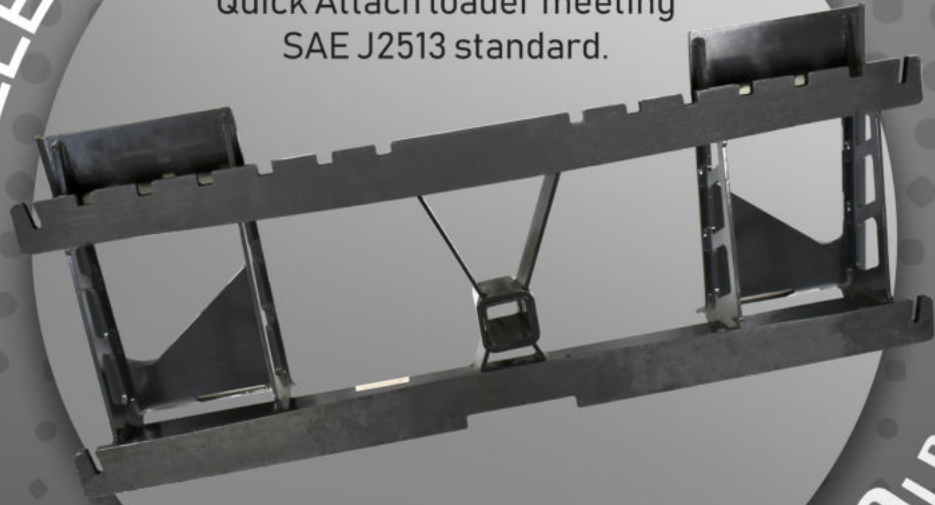

BROCHURE

TRACTORS • UTVS • MOWERS

PALLET FORK FRAMES

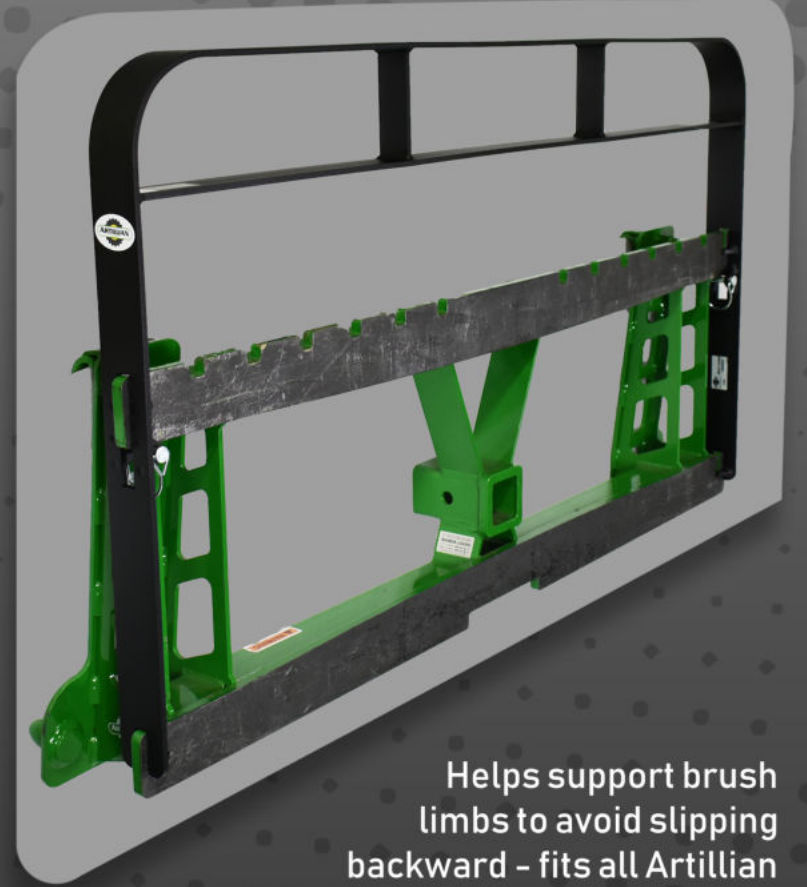

Fits any Universal Quick Attach or Skid Steer Quick Attach loader meeting SAE J2513 standard.

3000LBS.

SKID STEER QUICK ATTACH

DETACHABLE BACKREST / BRUSH GAURD

Helps support brush limbs to avoid slipping backward - fits all Artillian Quick Attach Frames built after model year 2010.

Super High-Strength Upper & Lower Fork Rails

No cheap-formed steel! Our frames are built like a real forklift carriage. These rails are laser cut from extremely high-strength and wear-resistant North American steel.

JOHN DEERE QUICK ATTACH

Includes built-in 2-inch receiver adapter.

PALLET FORK FRAMES

2300 Lb. John Deere Quick Attach Frame fits 1 & 2 series sub-compact tractors or equivalent.

2300 LBS.
3000 LBS.

3000 Lb. John Deere Quick Attach Frame fits 1, 2, 3 & 4 series sub-compact tractors or equivalent.

Available 2-inch receiver adapter

Adjustable Fork Spacing – Forks can be spaced apart from 10 inches (250 mm) to 40 inches (1020 mm) and locked in place

JDQA Hooks – Reinforced with cap plates for extra strength

Trussed Frame – Every pound of excess weight is removed without losing strength

HYDRAULIC DIVERTER KITS

Available for select models:

John Deere
Kubota
Mahindra
Massey Ferguson

HYDRAULIC SPLITTER MANIFOLDS

DOUBLE PORT

Double configurations of the Artillian Grapple requires this manifold to split the hydraulic fluid to each cylinder. For use with two grapples.

TRIPLE PORT

Triple configurations of the Artillian Grapple requires this manifold to split the hydraulic fluid to each cylinder. For use with three grapples.

Patent Pending Variable Grip Technology enables the Artillian Grapple to grasp payloads with a tight fist-like function.

The Artillian Iron Fist Grapple System mounts on the Artillian Frame. Mix & match sections to best accomplish your tasks.

IRON FIST GRAPPLE

120 lbs.

IRON FIST RAKE

45 lbs.

GRAPPLE & RAKE
IRON FIST

ARTILLIAN

ORIGINAL GRAPPLE & RAKE

ARTILLIAN

ORIGINAL GRAPPLE

90 lbs.

ORIGINAL RAKE

40 lbs.

Unlimited uses, being designed for brush, roots, rocks, firewood processing, land grading, etc. This system can be used for work above or below grade.

Units attach to Artillian Frames, choose combinations of Sectional Grapple & Rake Sections.

GRAPPLE ADD-ONS

GRAPPLE FANGS

Bolt-on Teeth Secures Loads and Prevents Objects from Rotating Hold objects to the back of the grapple bed or out front for sawing logs. For piercing, the tips of these fangs can exert over 2000 lbs. of force.

DEBRIS GAURD

Keep materials from falling through your grapple with Backing Plates for the Grapples and/or Rakes. Made from high-strength steel and designed to preserve visibility while containing materials.

BUCKET SIDES

Only available for Original Rakes.

Made from ultra high strength steel and built with hangers to attach to sides of Grapple or Rakes.

Fits Artillian Pallet Fork Frames:

- **3000** Lb. John Deere Quick Attach Frame
- **3000** Lb. Skid Steer Quick Attach Frame
- **2300** Lb. John Deere Quick Attach Frame
- **3000** Lb. Mini Skid Steer Quick Attach Frame

High quality Artillian Fork Tines won't let you down, with a high durability Powder Coat Finish and quality steel.

Class 2A Hook-Type Fork Tines offer multiple taper and sizing options to ensure you find the right product for your needs.

*Blade Markers

*Extension Wings

Make Snow Plowing Quick and Easy with the Artillian Hydraulic Angling Plow. The quick attach snow plow for compact tractors is available with either 60" or 72" moldboard width to best suit your needs.

60" Plow: 209 lbs.

72" Plow: 223 lbs.

Height: 18 inches

ARTILLIAN 60 & 72" HYDRAULIC ANGLING PLOW

WITH OPTIONAL ACCESSORIES*

*Snow Deflector

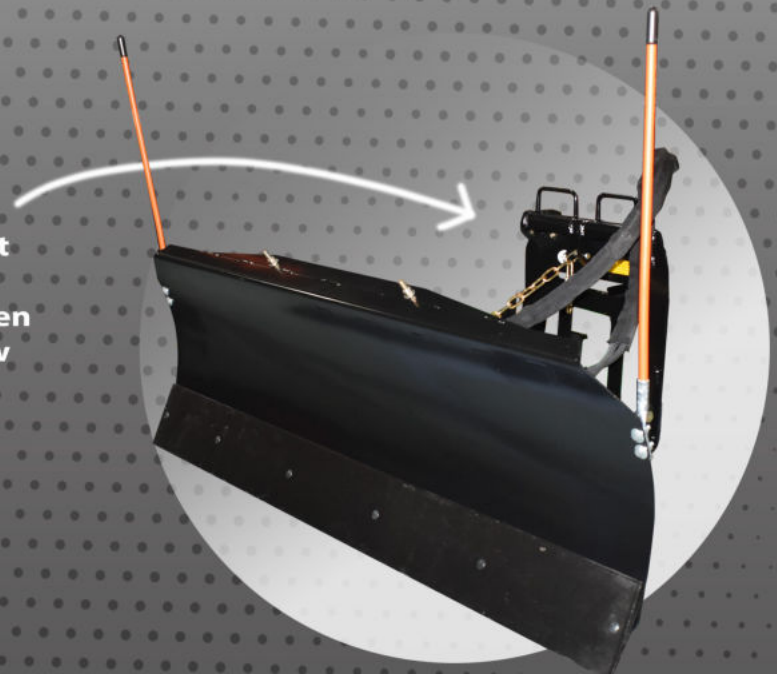

*Cutting Edge

Plow Kit Includes:

- Steel Moldboard Assembly
- 1/4 Inch Steel Cutting Edge
- A-Frame Assembly
- Mounting Frame
- Plow Trip Frame
- 2 Hydraulic Cylinders
- Hydraulic Hose Assembly
- A-Frame Pinch Guard
- Cross-Over Relief Valve Block

Requires Artillian Fork Frame (not included)*

Mounts without tools for quick switching between fork frame/plow assembly and bucket!

ROCK BUCKETS

AVAILABLE IN JOHN DEERE QUICK ATTACH AND SKID STEER QUICK ATTACH (PER SAE J2513) VERSIONS.

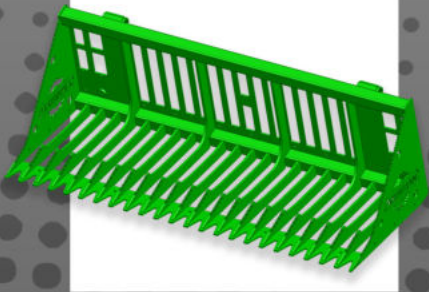

54" SKID STEER

54" SKID STEER

54" JOHN DEERE

Engineered with a high strength-to-weight ratio, the 54" Artillian Rock Bucket is perfect for compact and sub-compact tractors.

The Artillian Quick Attach Rock Bucket clears rocks and debris while leaving soil behind. With 2" tine spacing, most soil and small objects pass through. Works best in dry, loose soil conditions. Tines and side plates have serrated edges for ripping through roots and compacted soil.

AND GRAPPLE

Provides clamping force for pulling large stones out of the ground, while preventing them from rolling out of the bucket. Adds versatility to the rock bucket, allowing it to be used as a grapple for moving debris, sticks, logs, etc.

FRONT-HOE BUCKET

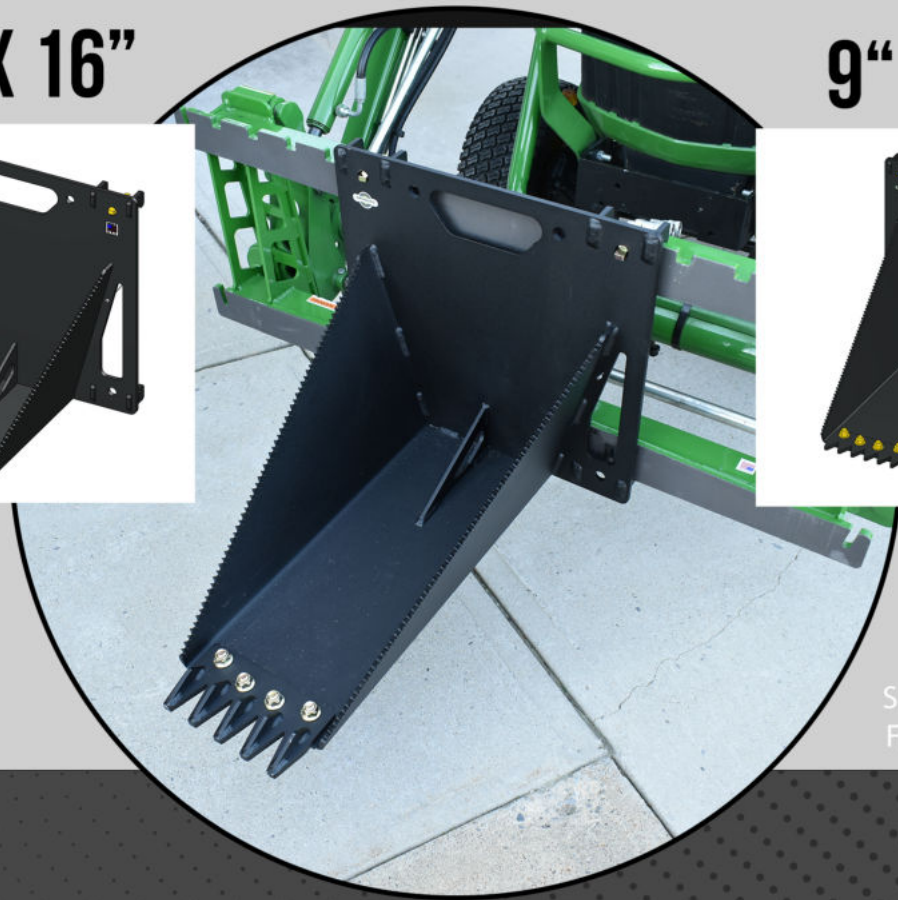

DO THE MANY OF THE JOBS OF A REAR BACKHOE FOR A FRACTION OF THE COST.

Uses include digging, planting, trenching, excavating, hauling objects (such as boulders), grading, rooting, and scouring, among many others.

9" X 16"

9" X 24"

Shown on 9" X 24" Front-Hoe Bucket

Increase your Front-Hoe Bucket's capabilities with attachable teeth!

- Serrated teeth aid in ripping through roots and compact soil
- Backer plate provides added strength and ease of installation
- Welded reinforcements to prevent bending

Hardware and backer plate included.

FRONT-HOE BUCKET TEETH ATTACHMENTS

RIPPER STYLE FRONT TEETH, HEAVY DUTY FOR FRONT-HOE BUCKET

RIPPER STYLE FRONT TEETH FOR FRONT-HOE BUCKET

HEAVY DUTY FRONT TEETH FOR FRONT-HOE BUCKET

3/8 INCH SMOOTH FRONT TEETH FOR FRONT-HOE BUCKET

PICK YOUR TOOL BAR

TRACTOR & MOWER

ROPS MOUNT TOOL BAR KIT, 42", 54" & 68"

Once installed on the vehicle ROPS you can add attachments as needed. The mounting brackets allow the bar to stay parallel to the ground no matter what angle a given ROPS structure has in either direction, providing true universality.

GARAGE

WALL MOUNT TOOL BAR 42", 56" & 68"

This allows you to mount the toolbar in a garage, workshop, shed, enclosed trailer, or other fixed location for storage of the numerous Bar-Mount Tool Attachments.

UTV BED MOUNT

POLARIS | GRAVELY UTV BED-MOUNT RACK SYSTEM

The system mounts directly to Polaris Ranger 1000 & Gravelly Atlas JSV 3400SD Utility Vehicles Bed without interfering with the cargo storage area.

KUBOTA | KAWASAKI UTV BED-MOUNT TOOL RACK SYSTEM

The system mounts directly to Kawasaki and Kubota Utility Vehicles Bed without interfering with the cargo storage area.

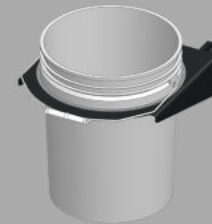

ARTILLIAN ROPS

BOXES & BUCKETS

TOOL BOXES

Lifts off easily with quick-release cam latches. Includes internal tool tray. Water-tight seal.

5 GAL BUCKET HOLDER

The bucket is a handy way to collect yard debris and trash you find when mowing and landscaping.

TOOL BASKETS

Open top basket for carrying tools, chains, pins, etc. Incorporated grab handles make for convenient carrying, installation, and removal.

HOLDERS

CHAINSAW MOUNT

Holds chainsaws with bar lengths over 14 inches and widths under 4-1/2 inches across the teeth.

The "scabbard" style mount features 10-gauge steel with high-strength polyethylene contact areas for added protection of the bar and chain.

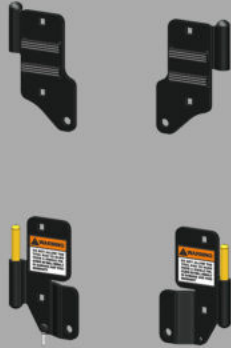

& UTV BED ATTACHMENTS

LARGE TOOL MOUNTS & BAR UPGRADES

TOOL BAR QUICK RELEASE UPGRADE KIT

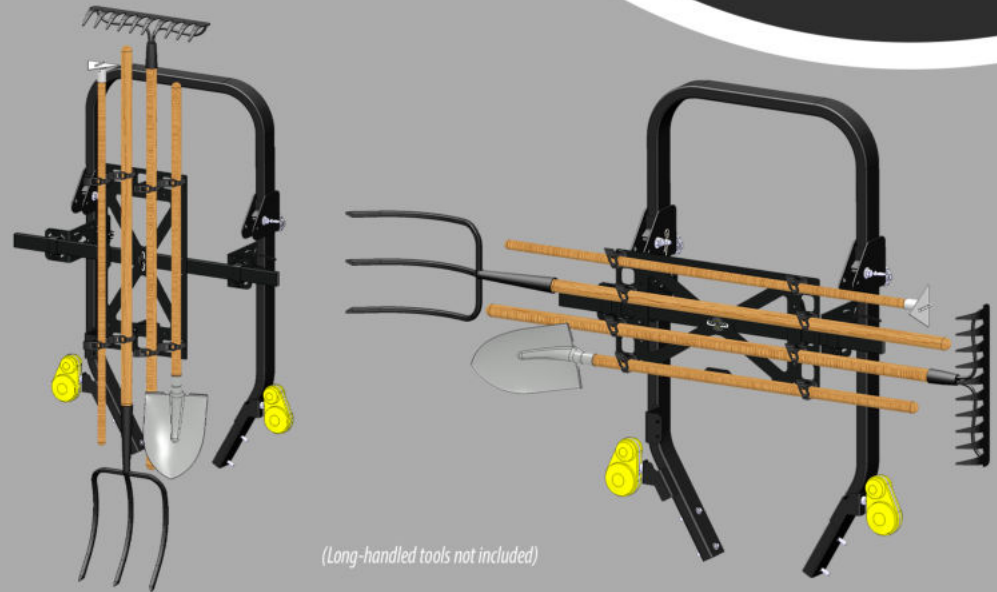

Upgrade your existing Artillian Tracotr or Mower ROPS toolbar to a detachable toolbar with the Quick-Release Kit. Mounting brackets attach to the existing ROPS toolbar mounting bracket.

LONG-HANDLE TOOL RACK

Holds up to 4, long-handle tools. Mounts horizontally or vertically with cam latches. No tools required.

Optional Larger Rubber Clamps are available for tools with thicker handles.

WANT & NEED!

FUEL CAN HOLDER

E-track Fittings have multiple locking positions to accommodate fuel and oil cans of different sizes and shapes.

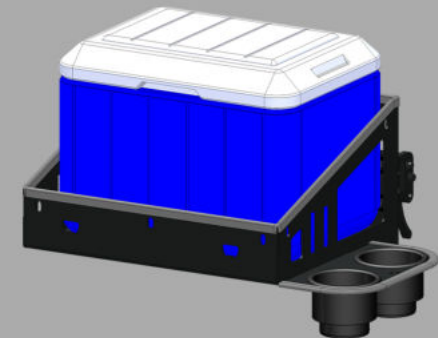

Additional hanger for securing a maul or sledgehammer plus spaces for several tree-cutting wedges.

BEVERAGE COOLER HOLDER

Cam buckle strap with E-track fittings holds cooler securely in place and allows for quick removal on the go.

Multiple E-track locking positions accommodate various cooler sizes and orientations.

UNIVERSAL ROPS MOUNT ALUMINUM CANOPY

Mount/Pivot assembly mounts to vehicle ROPS in minutes. The lightweight Universal ROPS-Mount Canopy features integrated handles with a quick-release latch for easy removal.

ARTILLIAN

All Artillian products are manufactured in the U.S. with the highest grade North American steel. Each component is designed to reduce weight without sacrificing strength. In fact, Artillian products are engineered to offer the best strength-to-weight ratio of any fork frames, pallet forks and grapples on the market. Lighter weight attachments allow you to take full advantage of your tractor's lift capacity.
