ARTILLIAN 54" QUICK ATTACH ROCK BUCKETS & GRAPPLE

FEATURES

Engineered with a high strength-to-weight ratio, the 54" Artillian Rock Bucket is perfect for compact and sub-compact tractors. At ~190-200 Lbs. it comes in at just over the weight of a sub-compact OEM material bucket. No added weight to reduce lift capacity.

The Artillian Rock Bucket Grapple is a must-have accessory for the Artillian Rock Bucket. Provides clamping force for pulling large stones out of the ground, while preventing them from rolling out of the bucket. Adds versatility to the rock bucket, allowing it to be used as a grapple for moving debris, sticks, logs, etc.

- Designed for fast and efficient cleanup
- High quality materials provide reliable durability
- Serrated edges aid in ripping through roots
- Optional grapple kit allows for heavy lifting use and increased versatility
- Minimal set up time due to convenient and easy attachment
- 2" tine spacing for easy sifting and spreading
- Powder coating color matched paint resists corrosion
- Notches help prevent rock rollback during sifting
- Singular or dual grapple options

FITMENTS

Available in John Deere Quick Attach and Skid Steer Quick Attach (per SAE J2513) versions.

SKU

Skid Steer (Orange):
1RBKT-SSQA-O

Skid Steer (Black):
1RBKT-SSQA-TB

John Deere (Green):
1RBKT-JDQA

SPECS

John Deere: 190lbs.

Inside Width: ~54"
Inside Height: ~16"
Inside Depth: 22"
Tine Spacing: 2"
Capacity: 2,000 Lbs.
Tractors: under 40 HP

SIFTING, SPREADING, DIGGING, LIFTING- ALL IN ONE, TO GET THE JOB DONE.
