ARTILLIAN 54" QUICK ATTACH ROCK BUCKETS

FEATURES

Engineered with a high strength-to-weight ratio, the 54" Artillian Rock Bucket is perfect for compact and sub-compact tractors. At ~190-200 Lbs. it comes in at just over the weight of a sub-compact OEM material bucket. No added weight to reduce lift capacity.

Built from AR400 steel plate and structural steel tubing, this bucket exemplifies the high quality that you've come to expect from Artillian.

- Designed for fast and efficient cleanup
- High quality materials provide reliable durability
- Serrated edges aid in ripping through roots
- Optional grapple kit allows for heavy lifting use and increased versatility
- Minimal set up time due to convenient and easy attachment
- 2" tine spacing for easy sifting and spreading
- Powder coating color matched paint resists corrosion
- Notches help prevent rock rollback during sifting
